

## *Convergence*

### **OBJECTIVES**

1. Evaluate the relationship between the twin existential threats.
2. Gain an understanding of how these existential threats prompted FAS to move the Doomsday Clock to 100 Seconds Before Midnight.
3. Identify the possible policy solutions.

### **DISCUSSION QUESTIONS**

1. Why did leaders refuse to support progressive policies on addressing these existential threats?
2. Why do youth voices matter on these issues?
3. How can we hold leaders accountable for their lack of action on nuclear disarmament and climate policy?

### **ACTIVITIES**

Organize a webinar with progressive activists and discuss how we can work together to achieve sustainable change and help protect this planet. Additionally, conduct research about Greta Thunberg and then develop a plan to inform your representatives about your perspectives on these existential threats.
